Pinnacle Group goes beyond the letter of the law in complying with applicable employment standards. We believe in complying with the spirit of the law as well as the letter of the law and expect our employees to treat all people with respect, dignity, courtesy, and fairness. Our commitment is to maintain a safe work environment for all people, free of abusive practices, exploitative conditions or harassing conduct. Our policies set out these expectations in detail, and we reinforce them through regular training, and enforce them vigorously as needed to ensure we live up to our commitments.

Human Trafficking and Forced Labor Prohibited. Pinnacle does not tolerate human trafficking or forced labor of any kind and we adhere to all international labor and immigration laws and regulations wherever we operate and encourage our clients and supply chain partners to do the same.

Diversity, Discrimination and Harassment

A company-wide commitment to drive diversity and inclusion. As a certified minority- and women-owned business, Pinnacle Group understands and appreciates the contributions that diverse talent and suppliers make to our company, our economy, and our country. For that reason, Pinnacle Group diligently pursues diverse talent and suppliers.

One of our cornerstones is a diverse and fully capable supply chain. Pinnacle Group is fully committed to developing a supplier base that is as diverse as the global workforce. To this end we're an active member in multiple diverse supplier organizations including the National Minority Supplier Development Council (NMSDC) and Women's Business Enterprise National Council (WBENC).

Investments in growing small businesses drive community development. We believe in building the communities we live in and serve. To help achieve this for our diverse suppliers, Pinnacle Group actively seeks out and contributes to the success of diverse, small businesses. We foster key relationships and provide opportunities to become Tier 2 prime suppliers for our clients. In turn, these relationships enable our diverse suppliers to have a positive and sustainable impact on the communities they live in and serve.

Pinnacle Group is a true partner for client diversity initiatives. In order to help our clients gain maximum benefit from their contingent labor programs, we actively seek out, mentor, and support new suppliers that are from underrepresented diversity categories. We also work hand-in-glove with clients to help supplement their diversity initiatives in a meaningful way, including inclusion among the Billion Dollar Roundtable.

A diverse workforce delivers top notch talent to Pinnacle Group and its clients. We are also deeply committed to growing a diverse workforce. Pinnacle is an equal opportunity employer that goes above and beyond to embrace not only the letter of this commitment but also the spirit of this

commitment. Our corporate employees are representative of this value and we've continued to provide exceptional opportunities to women and minority candidates who deliver top notch talent to Pinnacle Group and our clients. The representation of women among our corporate employees is consistently over 60% and the representation of minority groups consistently exceeds 40%. We also provide training on anti-discrimination in the hiring and employment process to 100% of our employees, ensuring that they deliver top talent to our clients regardless of any protected characteristic, and provide equal opportunity to all candidates.

Equal Employment Opportunity. Pinnacle is an equal opportunity employer and does not discriminate in any aspect of employment on the basis of age, color, disability, genetic characteristics, national origin, race, religion, sex, gender identity, sexual orientation, veteran status, status as a parent, or any other characteristic that is protected by federal, state or local law.

Employment of People with Disabilities. Pinnacle does not discriminate against qualified individuals on the basis of disability in any aspect of employment. Qualified individuals are those applicants or employees who can perform the essential functions of the position with or without a reasonable accommodation. Accommodations may be requested from Human Resources. Requests for accommodation shall be considered through an informal, interactive process between the employee, the employee's immediate Pinnacle supervisor, and Human Resources. An employee may be required to provide documentation during the accommodation process, including statements from medical providers, in order to establish eligibility for accommodation and the effectiveness of proposed accommodations. Reasonable accommodations that do not cause undue hardship for Pinnacle will be provided to qualified individuals. All documentation obtained during this process will be kept confidential to the extent possible, maintained separately from personnel files, and accessible only to authorized individuals. Like all processes, this will be administered in full compliance with all applicable law.

Unlawful Discrimination Prohibited. Pinnacle prohibits unlawful discrimination in all aspects of employment on the basis of age, color, disability, genetic characteristics, national origin, race, religion, sex, gender identity, sexual orientation, veteran status, status as a parent, or any other characteristic protected by federal, state or local law.

Employees who engage in unlawful discriminatory practices will be subject to disciplinary action, which may include dismissal from employment.

Discriminatory practices include:

2. Harassing others on the basis of age, color, disability, genetic characteristics, national origin, race, religion, sex, gender identity, sexual orientation, veteran status, status as a parent, or any other characteristic protected by federal, state or local law; or
3. Taking adverse employment action against a person who is married to or associated with an individual who has a certain disability or genetic characteristics, or is of a certain age, color, national origin, race, religion, sex, gender identity, sexual orientation, veteran status, status as a parent, or any other characteristic protected by federal, state or local law; or
4. Retaliating against an individual for filing a complaint of discrimination, participating in an investigation, or opposing discriminatory practices.

Harassment becomes unlawful when: (1) enduring the offensive conduct becomes a condition of continued employment, or (2) the conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive.

Sexual Harassment. Sexual harassment is a specific type of harassment that can include unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

1. Submission to or tolerance of such conduct is made either explicitly or implicitly a term or condition of an individual's employment; or
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance, or creates an intimidating, hostile, or offensive working environment.

Making a Complaint. Employees who believe they or other employees have been victims of discrimination, harassment, or retaliation should notify Human Resources immediately.
